

Connecting with people works best when the connection is personal, relevant, and authentic. This means helping people understand what's in it for them by crafting conversations that speak to a person's potential and unique needs. To help you with that messaging, think about their needs first.

Below are a few potential life events or behaviors that may inspire a person to recognize a need for Plexus[®]. Take 10 - 15 minutes to write down names that come to mind in each category. Avoid pre-judging how people may reply to your invitation. This is an active, growing list. Don't worry about completing the entire list, and keep in mind that as you work, this list will grow and change. Keep it handy, make copies, and add to it daily.
